Sport day Program at CLCA Orphanage

From May to August our teachers and children, all of us have been busy hosting VIM. We also prepared for the Annual Sports for the International Children’s Day.

On August 18, 2019 we celebrated the Annual Sport at CLCA orphanage. All the children from different communities to joined together to participate in the different kinds of games. It was an opportunity for children to meet and fellowship with one another. This made their friendship warmer. All the children enjoyed playing different games, singing, dancing, and worshipping together. They had lunch together. At the end of the day, after the games, winners got the 1st , 2nd, 3rd prizes with grateful hearts. All the children received new uniforms. All the children with the whole community were very happy. They are very thankful for their experiences during the event.

Nutrition Support:

We help keep children in orphanages healthy by funding a well-balanced diet and providing water filters in each community we work with.

Sunday School Program: We share the Gospel directly through Sunday School programs and Bible study and indirectly in our other endeavors by showing God’s love for all his people through our dedication and consistent, faithful support.

Health Support Program: We help the poor by providing food and medical care for 30 HIV AIDS& sick people.

What’s Coming up Next?

Busy prepare for Easter program, teaching gospel song, drama, drawing, games.
