## Introducing Chanry Trouk

**Chanry is from Kampong Speu province** and is in her second year studying accounting. Her parents are farmers in the province. Her father grew up as an orphan after his parents passed away and has worked very hard to be where he is today. Although he wanted an occupation other than farming, he had no training to do anything else. Chanry is the oldest of 4 siblings and wants to set a good example for her

siblings. Because she knew that her parents could not afford to send her to a university in the city, she is grateful for the opportunity to join the Susanna Wesley House in Phnom Penh.

Chanry chose accounting as her major because she loves numbers. Although the classes are not easy, she enjoys learning new concepts. After she graduates, she wants to return to her province. She says that she wants to see her city grow and wants to use her knowledge to help her province.

In her province, there was no church nearby her home, so she was not able to hear the gospel. One day, she heard about a youth camp in another province and convinced her parents to let her go. She said that the reason why she wanted to attend this camp was

because she wanted to travel outside of her hometown. From this camp, she heard about Jesus. She is still new in her spiritual journey and prays that she will continue to grow in God.

Chanry is quiet and does not do anything to stand out, but in her quietness, she is quick to observe the needs of the people around her and offer help. Please pray for Chanry as she studies in school. She asks for strength and wisdom to do well. In addition, please pray for her to be able to claim Jesus as her Lord and Savior.

**Wuhan Coronavirus** There were direct flights from Wuhan to Sihanoukville (5 hours from Phnom Penh) until flights stopped from Wuhan. Although there has been only 1 reported case of coronavirus in Cambodia, many fear that more are not being detected. Though we will not succumb to fear, please pray for our safety and wisdom as we go about our daily lives in Cambodia.

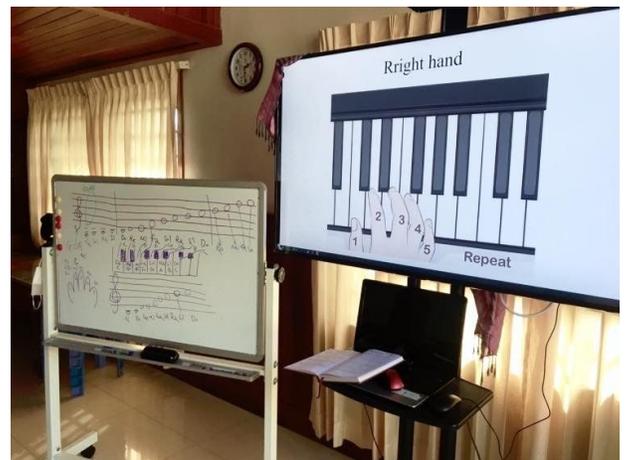

# Music Class for SWH students!

We have started a music class for the students at SWH. Our GMF (Global Mission Fellow), Hyein, has started a very basic class to teach students how to read music and play simple tunes on a keyboard. Because music class is not emphasized in Cambodian education, many students have never learned or played musical instruments.

Classes are offered Friday and Sunday afternoon. Although they are same classes, the students who came to class on

Friday returns for Sunday class because they want to learn more and review. Hyein is thrilled to see their excitement and zeal to learn music and keyboard.

We want to say a special thanks to the team from Hawaii district who donated a TV and a whiteboard for classes such as these . We look forward to more classes to equip these young woman to become future leaders of Cambodia! Pray for Cambodia!
