Six Students Will Graduate This Year!!!

Time is flying !! We cannot believe that this school year of 2020-2021, six of our students in SWH will graduate. And this year it has been the first hard year where students couldn't go to school in person. Even the graduation will be different from the other years. In Cambodia, each university has different requirements for students to choose in order to graduate. Option 1: students must pass the State exam. Option 2: students must write and defend thesis. Option 3: students must pass the State exam, write/defend thesis, and work as an intern for 3 months before their State exam. Among these options above, six of the SWH students already picked their choice. One student finished his State exam last week through online. Another student chose to write/defend thesis. The rest of the students will have their State exam in September. They will wait for the result one month after the exam date. And if they pass the exam, they will attend the graduation ceremony a month after the

2

result comes out. But for this school year, we are not sure how the graduation ceremony will be held yet. Maybe the students will just get their certificate first and ceremony later. We have no idea. So we pray for their journey as they prepare to graduate and as well as after they graduate.

Pizza party without noise while we celebrate!

Even in our own house, the government is still strict with the “No gathering” rule. It’s weird for us that we need to control our voices especially when we gather during eating time like this, but we need to follow the rule and while doing that we can protect ourselves also. We are so grateful

for that and really enjoy eating together. Chnganh! Chnganh! It’s mean delicious in Khmer.

The number is decreasing, but we are still concerned

For now, the Covid-19 situation in Cambodia, the total just have about 500 to 400 and the death rate is about 10 to 20 per day. However, we still hear about the new virus Delta every day and the government is so worried that if it increases again, it will be hard to control and some places are still closed and quarantine. So please continue to pray for Cambodia.

How to Support: An annual tuition for most of the universities in Phnom Penh is about \$500.
