

As Pandemic Ebbs, We Slowly Move Back to Normal

This month almost all the universities in Cambodia started their in-person classes, mask is no longer mandatory in open spaces, and the country saw 0 new COVID cases since about mid-May. We are also slowly stepping out of the COVID regulations and stepping back into how it used to be at the dorm. With the classes back in full swing, we also have most of the students back after their long online classes in their respective provinces as well as all of the new students. As all the students usually have their schedules packed with school and work, it was great to have a day where everyone could come together and share fellowship over dinner which was followed by a fun karaoke session in the hall with a lot of laughter as more beautiful memories are made.

ENGLISH CLASSES

English classes are ongoing every Friday. As English continues to be regarded as one of the most important languages needed to enter a competitive job market, the students are eager and motivated to spend extra hours to learn English at the dorm. The students enjoy the role plays, reading, and debates to improve their communication skills and like all other activities, the students manage to make even the routine English classes fun.

PRAYER REQUEST:

Please remember Rady Hoy in your prayers. Rady Hoy is one of the seniors at SWH. In April, we were all sad to hear about the demise of her brother. He was hospitalized for a few months before the doctor advised him to be taken back home for home care. It had been a hard month for Rady and her family. This month she was diagnosed with Typhoid fever and H-Pylori. Please pray that Rady finds peace amidst this troubling situation as she grieves the loss of her brother and recovers from her physical illness.

How to Support: An annual tuition for most of the universities in Phnom Penh is about \$500.
