

8 STUDENTS PREPARING TO GRADUATE THIS YEAR!

This year we are so excited that 8 of our students will be graduating! We have seen and experienced their growth of our seniors in the past 3 and half years, and as they prepare to finish up their university studies in the next few months, we are so encouraged to see them working extra hard every day on their final year projects, catching up on studies, prepare for final exams or working on their Thesis while also juggling their work and preparing to move on to a completely new stage of their life and settling with a proper full time job. We all know the pressure and

the effort they need to put into for the final rush to assure they get that degree they all worked the past 4 years for. Although the students have experienced many inconveniences due to COVID-19, we continue to pray and hope it will not hinder any of the students from receiving their degree. The eight students will be receiving their degree in areas including accounting, law, and business management.

We continue to provide our best support and encouragement to our students, and we have full confidence that they will do great wherever they move on to after their university graduations. We request your continuous prayer support for all of our students and especially the seniors for wisdom from above, patience, and confidence.

SWH SUPPORTING SCHOOL FOR STREET CHILDREN

GBGM-UMC Cambodia is a big family, and we are so happy to share that Tongla, who is one of our very sincere third year student, is volunteering at a school for street children to provide quality education to the street children of Phnom Penh (a GBGM project). Tongla offers her service as a teaching assistant. We are so proud to see that she is happy working there, and we know she will experience growth not just in her professional career but also in life as she serves in God's mission.

THE RAINY SEASON IN CAMBODIA

Cambodia is warm throughout the year, and we experience only two distinct seasons in a year: dry and wet. June being right in the middle of the wet season, we get plenty of rain almost every evening! The rainfall this year has been heavy resulting in flash floods along major boulevards, halting all vehicle movements and across most localities in Phnom Penh city. So far we praise God for keeping our students and staff safe as our

students ride their motorbikes to school and work every day, but we ask for your prayers for safety and protection.

PRAYER FOR HEALTH

COVID-19 is still here! We have experienced a rise in COVID the past month after being completely free (according to the Cambodian government report) from it for a few months. Few of our students have also been down with cold and fever although they tested negative for COVID. We request your prayers for our students and also the people in Cambodia. Pray also for healing for our student Rady Hoy who is still recovering from her illness and is back home with her family. Monkey Pox has also reached Cambodia, and we had our first case. As our students commute to work and school every day while living in a shared home, we request your prayers for the safety and health of everyone at SWH. We are always grateful for all your prayers and support.
