SWH Moved to a New Place!

In early August, the landlord expressed his serious desire to sell his place and asked us to look for a new location. We worked very quickly, and found a new place for Susanna Wesley House!

It's a corner building of a residential area that comes with many windows and a lot of space! There are many merits to our new place.

1. It is in a borey (a residential area with rows of same buildings) where everyone is

keen about keeping the area safe.

2. It is located very near the main road which makes it easy for students to commute and drive their motos.
3. It is only 2 miles from our previous place which means the distance students have to travel to their universities has not changed much.
4. It is closer (almost a walking distance) to the church that students attend and serve.
5. Because it is near the main road, there is a lot less flooding.
6. The new place has 6 rooms which is enough to house everyone in one building. Previously, we rented a building (4 rooms) and a half (2 rooms). Aside from the 6 rooms, it also has an open living area (see picture) that we can use for devotions and other gatherings!
7. Because everyone is in the same building, it promotes more unity.

We could not have done this without the support of a lot of people.

We want to thank **Hope5L2F** for your continued commitment to support SWH especially by providing fund for our residence and so much more.

We are grateful for your faith in this ministry.

We would also like to thank **Project ARK** for renovating and fixing up the place for us. This was an old building and required a lot of work. Also, with new LED lights, every room became even brighter!

We thank **Bridge of Hope** and **Project ARK** for helping us fund the renovation. We didn't have much extra fund in hand as we did not expect to move this year, so your willingness to support us is truly appreciated.

We want to express our gratitude to the **alumnis** who helped us to move and clean the new place. We are so happy to know that we are still connected even though you have graduated and moved on. This sense of oneness really made the entire moving experience a lot happier!

And to **all our students**, this was a

sudden change, but thank you for trusting the leadership and supporting our decisions. May God reign in us as we continue our spiritual journey through SWH!

Prayer for Rady Hoy The family finally brought her back to Phnom Pehn, and the doctors have diagnosed Rady Hoy with meningitis. Unfortunately, she returned to us with lost vision in both eyes and paralyzed on both legs. The doctors are trying to figure out what antiviral medication to use to stop the virus from damaging her further, but it seems to be a very slow process here. She is very alert and fully aware of her conditions. With insurance complications, we are not sure how much this will cost the family who sold most of their land to pay for hospital bills for her brother who recently passed away due to kidney failure. Please keep her and her family in your prayers.

How to Support: An annual tuition for most of the universities in Phnom Penh is about \$500.
