

# GMF Gwanghui Jeong's Newsletter letter for November 2023

## November Adventures Beyond Phnom Penh

### Moriah Center Dedication Service

During the Moriah Center dedication service, we celebrated the fulfillment of a vision. The late pastor Mory, who passionately loved and educated children, left a legacy. The life insurance passout following his passing was used to initiate the construction of the Moriah Center. GBGM took the financial lead, completing the center. Witnessing the smiles on the children's faces, receiving small gifts and enjoying lunch, we felt God smiling upon this endeavor.

## Croatie & Kampong Cham Business trip

The GBGM CHAD team, during their business trip in Croatia and Kampong Cham, visited local health centers, providing public health education and digging wells. I had the privilege of accompanying them on this journey, exploring rural villages and gaining insights into their work. In particular, I was moved by Sophal, a member of the CHAD team, who emphasized the missionary aspect of serving non-Christians by meeting their practical needs.

### **GBGM Retreat at Mondulkiri**

Mid-November marked our team's retreat at Mondulkiri, a time of recovery and team-building. The Moriah Center dedication was part of this schedule. We connected with team members we hadn't worked closely with before, fostering camaraderie. In the midst of nature, we developed a profound reverence for God. On the last day, among fellow GMFs, I shared a message about the joy of encountering God and the ongoing presence of Jesus.

At Cambodia Methodist Bible School  
with Rev. Pyo

## Prayer Request

1. Pray for a smooth adaptation to language and culture.
2. Safety amidst challenges, especially considering the economic situation.
3. Preparation and safety for the final training in Kenya in January 2024.
4. A deeper communion with God, seeking His guidance over personal experiences during the mission.

**Preparation and safety for the final training in Kenya in January 2024. A deeper communion with God, seeking His guidance over personal experiences during the mission.**
