

GREETINGS

WELCOME TO MY NEWSLETTER

QUARTER 1

BACKGROUND

I am almost in disbelief that it has already been six months, time has flown so fast since I arrived in Cambodia to begin my Fellowship program. There is so much to learn and I feel sometimes that some things fly past me.

Although sometimes I might feel homesick, I wouldn't trade this experience for anything at this moment. The way my perspectives and my beliefs have been challenged and broadened is a blessing

MORE ABOUT GMF PROGRAM

MARCH 2024

More exciting is that I got commissioned in January. To make it even better it was in my home country Kenya and alongside my cohort. This experience was one of the highlights of this quarter. It was incredible meeting all the fellows from different backgrounds and making friends during the final training

CHAD

E N G A G E

CHAD (Community Health and Agricultural Development) is a development program that I am working with here in Cambodia. It is a mission initiative implemented by the General Board of Global Ministries of the United Methodist Church and Methodist Church in Cambodia

Our focus has been to bring water to impoverished communities to improve their health and livelihoods by access to clean water by digging wells and providing water filters. We also work with local Health centers and offer training to volunteers at the grassroot levels which we believe is the way to create sustainability in communities

This quarter we faced out some activities that we were involved and have taken on other projects. Our main focus has been on health and clean water projects. Training and needs assessment are at the forefront of our mission.

ABOUT CHAD

THE CHURCH

CONNECT

I continue to find churches in Cambodia wherever I go. I not only mean the structures but people who I can fellowship with and discuss ideas and scripture in new ways and these moments are where I find God most and my faith is strengthened the more exposure I submit myself to.
