One Small Step of Faith

We are also proud to share with you one of our students, Srey Net, who is in her second year in university and recently joined us at SWH. Since joining, she has shown a willingness to grow and be involved in the community. She has recently stepped forward to help with Sunday School alongside the other students. It is encouraging to see her take courage and be willing to serve as part of the teaching team. We are grateful to witness her growth, not only in her abilities but also in her journey of faith, and we look forward to seeing how God continues to work in and through her.

Celebrating Women's Day

We celebrated International Women's Day with our students by going out for a time of swimming together. It was a joyful day filled with fun and fellowship as the students relaxed, played in the water, and spent time together.

More than just fun, it was also a time to reflect on the value of women. This day reminds us of the journey many women have taken to seek dignity, opportunity, and respect. In Genesis 1:27, God created both men and women equally in His image, giving every woman dignity, purpose, and value.

Our prayer is that our students will grow in confidence, knowing they are deeply loved by God and created with a beautiful purpose.

Prayer request

- Pray for the coming Khmer New Year, as many of our students will travel back to their provinces. Please pray for their safe journeys and for God's protection. Also, pray for wisdom and strength as they may face challenges in their families, especially during traditional ceremonies.

SHINE PROJECT

We are thrilled to launch the new month with a powerful gathering for our participants, and we also learned about money management. Share our experiences and proudly celebrate International Women's Day together. Together we will strengthen our financial confidence and enhance our community.

Listening to each other's experiences can truly make a difference in someone else's life. Sometimes, we may think a problem is just ordinary or that a simple statement holds little significance but it can be meaningful for others.

CHILDREN'S MINISTRY

One of our Susanna Wesley Ministries is a Sunday school curriculum that helps our Sunday school teachers prepare before teaching. One part of our program includes donating TVs to assist those in the countryside. By donating TVs, we can open up new avenues for learning and engagement that can empower students and teachers alike. Your support can make a significant difference in their educational journey!

For a TV set it cost \$450.

How to Support: An annual tuition for most of the universities in Phnom Penh is about \$600.
