

Whazzup.....in Cambodia

November newsletter 2025

"For I know the plans I have for you, plans to prosper you and not to harm you plans to give you hope and a future.."- Jer. 29:11

Dear Friends in Christ,

Christmas is fast approaching and 2025 is about to end. So many things had happened here in Cambodia.

Our coordinators are being trained and doing a lot of continuing education outside of the country. In February, we sent Youlika (Shine) and Sotheary(Treasurer) to Malaysia to attend the Asian Young Women Leadership Training. In April, Youlika and Reasey(SWH) joined the Cambodian Methodist Women to attend the East Asia Pacific Women Conference in Korea. This November Reasey, Youlika and Sotheary will attend the (CACWIL) Consultation of Asian Christian Women in Leadership in the Philippines. Our Women Coordinator, Daneth Him, also attended a Community Development Conference in Chiangmai Thailand. We bade goodbye to our 2 GMF and we have 1 new and expecting another in October. We also welcomed new missionaries from Louisiana, Dr. Thom and Delecia Carey.

We just opened our new Hope Vocational School in March. We also had trainings done here in Cambodia. The Wesley Foundation Young leaders training from Japan was done here in August , the Rainwater Collection training and the Mission Initiative Coordinators Meeting in October by GBGM APRO.

We hope to do more, in collaboration with our partners in the US especially with VIMs. We want you to experience and see the transformations happening here in Cambodia.

with love and thanks,
Helen Camarce
GBGM Country Coordinator
